

# MALDEN

## ORNAMENTAL STEEL FENCE

### PRIMARY APPLICATIONS

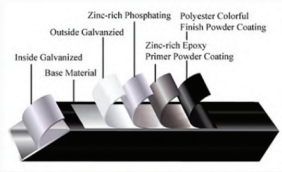

- ▶ Houses
- ▶ Condominiums
- ▶ Town Houses
- ▶ Apartments
- ▶ Commercial
- ▶ Industrial

### RACKABLE PANELS

All Malden Metals ornamental steel fencing is fully rackable up to 40 degrees. This will help your fence flow even in the largest sloped landscapes.

### MORE LAYERS, MORE PROTECTION

### TRUE GUARD™ PROTECTION SYSTEM

- ▶ To prevent rusting from base material, all of our products are galvanized and have a Zinc Mass of 180g inside and out.
- ▶ To ensure superior adhesion, each of our products undergo seven stages of pre-treatment with zinc-rich phosphate.
- ▶ To cover all welds and cut edges, zinc-rich epoxy primer powder coating are applied.
- ▶ To achieve exceptional anti-corrosion and weather resistant performance, polyester finish powder coating are administered to our products.

### 10 YEAR LIMITED WARRANTY

Malden Metals fencing products are manufactured using some of the strongest and top-performing materials in the industry. Malden Metals is extremely confident in the manufacturing of its materials and as so is proud to offer a 10-year limited warranty.

### STEEL WALK GATES

Malden Metals steel walk gates are welded at all intersections. The solid, sleek design will flow from fence to gate and are built for Canada's unpredictable climate.

- ▶ Pre-fabbed Gates in 36" and 46" width
- ▶ Gates come in heights of 44", 56" and 68"
- ▶ 1-1/2"x1-1/2"-14ga Rail Dimension
- ▶ 3/4"x3/4"-18GA for the pickets
- ▶ 1-3/4"x1-3/4"-14ga Gate End Dimension
